Signed:

- PCI Security Standards are technical and operational requirements set by the PCI Security Standards Council (PCI SSC) to protect cardholder data.
- The standards apply to all organizations that store, process or transmit cardholder data
- Only a registered Qualified Security Assessor (QSA) company is authorized to accomplish official, annual PCI DSS audit process.
- To maintain PCI DSS compliance, company must perform official, quarterly ASV scans and pass QSA assessment every year.
- The certificate offers no guarantee or warranty to any third party that the company specified is invulnerable to attack or breaches in security, and SC2labs accordingly accepts no liability to any third party in the event of loss or damage of any description, caused by any failure in or breach of customer's security.
